NOTICE OF ROAD CLOSURE

Mayor Carolyn Caiharr and the Governing Body of the City of Edwardsville are excited to announce the beginning of the 98th Street Phase 1 road construction.

This project involves a full road replacement, along with added traffic control devices and sidewalks. It extends on 98th Street from Kansas Avenue north to the city limits.

Construction activities will begin on February 5, 2024, with expected completion in December 2024. The project will involve a road closure allowing access for local traffic only. Drivers should seek alternative routes on 94th Street or 102nd Street. Detour signs and electronic signage will be in place.

The city is proud to partner with KDOT on this project. McAnany Construction will lead all construction efforts.
